IB PORTFOLIO TASK

TITLE: TV WARS

SCENARIO: AIDAN is watching TV. His sister NATALIE comes in, looks at what he is watching, and changes the channel. She sits beside him.	
RESEARCH	The Secret Life of Walter Mitty
ROLE	SUGGESTED LEARNING INTENTIONS
WRITER	Use dialogue and action to establish two distinct and believable characters and an authentic teenage sibling relationship.
EDITOR	Manipulate shot length to create a narrative arc; build to a sense of (anti?) climax.
CINEMATOGRAPHER	Plan and capture a sequence of shots, moving from establisher to mid to close, showing how mood is created visually. Focus particularly on shot-reverse-shot to establish a mood (tension? Hatred? Humorous rivalry?) between two characters.
SOUND	Blend dialogue and background sound (the TV, quickly changing channels?) to create immersion for audience.
DIRECTOR	Choose a mood or tone (humour, tension, realism, genuine dislike) and create it.
